Copy 8 of 8 25X1

4 April 1967

MEMORANDUM FOR : Deputy for Material, OSA

SUBJECT : U-2R Weights

25X1A
1. Attached is Lockheed's 22 March 1967 installed U-2R weight rundown for payload and Comm/Nav. This was given to me 30 March and is in answer to our message [redacted] dated 8 March to Lockheed indicating our estimated component weights.

2. Please have the attached reviewed so that we can come up with an agreed position on installed weights as soon as possible. Request this position be discussed in my office at 1400 on 10 April 1967.

25X1A
3. I am appointing [redacted] as the focal point for controlling and integrating these various weights into the aircraft. He will be responsible for converting these, plus Lockheed inputs, into empty weight, zero fuel weight, and take-off gross weight for aircraft performance calculations.
